### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: The claims are drawn to methods of producing atrial natriuretic peptide (also known as atriopeptin or ANP or ANF or ANH) by culturing and growing transformed host cells containing said peptide in medium supplemented with at least 3 g/L of methionine, glycine and histidine. By supplementing the medium in this way the an unwanted by-product, e.g. a atrial natriuretic peptide which has an O-acetylserine substituted for a serine residue, is significantly reduced by 50%. The addition of "at least 3 g/L" of the requisite amino acids in the medium over comes the art of record and adding this much of said residues would not be an obvious variation to already well established mediums like yeast extract, LB-broth etc. Thus, the claims as amended are deemed both novel and non-obvious and thus **claims 3-6, 8, 10, 18 and 27-32 are allowed.**

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
